Monash University in Brief

Monash University enrolled its first students at the Clayton campus in 1961 when the university consisted of the faculties of Arts, Economics and Politics, Engineering, Medicine and Science. It is now Australia's largest university with almost 50,000 students enrolled at its six Australian campuses at Berwick, Caulfield, Clayton, Gippsland, Parkville and Peninsula and its overseas campuses in Malaysia and South Africa.

The university engages in an extensive range of high quality research and provides a wide range of undergraduate and postgraduate programs via conventional and flexible study modes including distance education and open learning. Today, some 8,500 students study off-campus and increasingly online.

The university's research and coursework programs, many of which are multi-disciplinary, are currently provided through ten faculties: Art and Design, Arts, Business and Economics, Education, Engineering, Information Technology, Law, Medicine Nursing and Health Sciences, Pharmacy and Science.

Monash University is a richly diverse and multicultural community serving indigenous and recent Australians together with students from over one hundred other countries. The latter, mainly from Malaysia, Singapore, Hong Kong and Indonesia make up some 28% of all enrolments. Of these, over 5000 students are enrolled in overseas programs outside of Australia, mainly in the Asia Pacific region.

The information presented in this document comes from the annual student, staff, research and finance statistical collections submitted to DEST, from the Monash Annual Reports and from reports compiled by AVCC. Further information can be obtained from:
